

Plant High Class of 1954

Pictures and Thoughts sent to the
Reunion Committee for this Reunion

Pierre and Darlene Kennedy

Pierre has ministered in and around the Tampa Bay area since 1956. He retired from pastoring 10 years ago however, still preaches when called upon. He loves teaching his Bible Class at Fowler Avenue Baptist Church on Sundays.

If you should happen to drop in on him during the week, you might find him on the tractor clearing land; mowing the property or working in his garden. He is never without a project.

We have been blessed with 8 grandchildren and are so proud of each of them.

Pierre and Darlene celebrated their 57th Anniversary in January this year and are looking forward to two new great-grandbabies in the fall, making a total of four.

"Delight thyself also in the Lord and He shall give thee the desires of thine heart." Psalms 37:4

Pierre and Darlene Kennedy

Wade Crews

My family's reunion three years ago, myself, my ex wife and my honey, my four children and their spouses, and nine grand children. We had a ball! Wade Crews

Chuck and Maxine Derriso

Thanksgiving 2011 at the Derrisos in Acworth Georgia

top l-r, Cheri Derriso, daughter-in-law, UTHSC, '82 BSN, RN, CCRN, CCM, Senior Health Consultant., Ernie Derriso, son, UCF '82, USAF, Captain Delta Airlines.

mid. l-r, Chuck Derriso; UCF '74 Mech. Eng., Lockheed- Martin retired '93, USAF retired '96. Maxine Derriso; retired travel and insurance exec. and love of my life for 55 years, deceased 7-2013.

frt. l-r, Twin Grandsons; Bryce Derriso, UGA Junior, Math-Computer Science. Dane Derriso. Georgia Southern Junior, Logistics, Army ROTC, '14-'15 cadet commandant.

Chuck and Maxine Derriso

At Lockheed-Martin Orlando I designed wind tunnel models for testing in various tunnels around the country. The models are usually fabricated in stainless steel and aluminum. They are pitched and rolled remotely under test. The model shown here is a separation model designed to investigate possible interference between the missile and the sub-munitions. When under test the wind speed is on the order of 1100 feet per second or about the speed of sound. Of course the tunnel is stopped when someone has to go in and make a model change. Models are engineering test hardware and are designed to be taken apart and re-assembled in various configurations. The models are mounted on a "balance" with six degrees of freedom and instrumented with strain gages to measure these forces. I enjoyed this great job until I retired in the mid 90's.

Binnie Warshaw Coppersmith

May 2014

Another 10 years has passed since our last big reunion. Nothing much has changed with my life except for a few more aches, pains, and pills.

Our children and grandchildren still grow and thrive, so there is not much more to wish for there. I'm still able to work full time in an industry that I love, booking high end custom travel. Most of my clients are repeat, referral, or second and third generation. The last evokes a mixed reaction: how very nice, and God, I'm getting old!

I have enjoy working on the reunion committee as it is a opportunity to see classmates more frequently than an occasional chance meeting. I am looking forward to our 60th year reunion to see all of you. May we all stay healthy enough to make it to our 65th.

Binnie

David Weinberger

You won't see any of David's pictures here, as many of his pictures were vintage school days pictures and are in the 'School Days' section.

Thanks to David for the many memories he so generously shared!

Gay Robbins

Jack and Lucy Lively

Here's hoping you all have a great 60th Reunion. Sorry I won't be able to make it this time. It was so good to see so many old Panthers last year. Lucy and I will try to make it to the next '54 gathering.

Best Wishes to all!

Jack

MARY GRABLE RENSHAW

I like to tell myself (most) every morning, "Rise and shine and give God the Glory!" At my age I am grateful to still be around and in good health! Last month I had cataract surgery and now have 20/20 vision. I can drive at night again! I told my eye surgeon, "You and Jesus have something in common. He cured the blind, and you cure the legally blind!"

My husband passed away in September of 2010, and I have been adjusting to single life again – no cats or dogs yet, but maybe one of these days! I still live in the same house with its acre of land that we call Renshaw Park, named after my husband, Parke Renshaw. I became a Lifetime Master Gardener in 2010, and am a long-time member of the Atlanta Friends of the Alphabet, a calligraphy guild. I accept occasional calligraphy commissions and also teach card making using embossed images. My major occupation is still working with a ministry in North Georgia - Gloria Gainor Ministries in Cartersville, Georgia. I have been the bookkeeper for 25 years now and help to maintain the ministry garden with seasonal plantings. It's a fifty-mile drive from my home in Decatur, but worth the effort to serve the Lord in the place where I feel he has called me to be.

Parke's four children all live in the West, one family as far away as Seattle, but we keep in close touch. The grandchildren know me as "Granmary."

I am preparing two books to self publish – one about my life in Florida, and the other about my four years in Brazil as a missionary with my husband. They are both almost finished. It keeps me going.

I am looking forward to knowing better my former classmates at the reunion.

Mary Grable Renshaw

Dorothy Virginia Walker Dixon

Sure wanted to attend this reunion, but health issues like surgery for me, then Dock fell on ice on our driveway on Jan. 24, so we have an excuse. We both are in good health other than slight discomfort from our ordeals. Well, I hope everyone else is okay and excited about the reunion. Can hardly believe it has been 10 years since we saw all those smiling faces!

We moved to Bandera, Texas, the Cowboy Capital of the World six years ago, after 33 years in Comfort, Texas. This was our 16th or 17th move. Others mostly USAF. Dock and I are involved in Masonry up to our eyes and I think he enjoys going to meetings more than I do...But I belong to a women's auxillary to Knights Templar called Social Order of the Beauceant. Dock belongs to 4 commanderies and even went through the line of Grand Commanderies and the 10th year in 2009, he was elected Grand Commander of Knights Templar of Texas. And that involved me too, as a help to him with correspondence etc. Life is slower now. We live on a golf course and he enjoys golfing. Too hot for me. I garden, keep my cats, bird feeders, though my activity was limited for about a year.

Our three children are in their 40s and 50s, well and happy with their work. Two girls are nurses, Jeffrey, a salesman for USA, lives near Houston and rides in bike club races and so does his partner, Valerie. And the Harleys plural. Eight grandchildren and one great granddaughter, age 2.

I like to read, surf Facebook, sew rather mend, quilt, knit and those needlework things but not proficient on computers or my iPad or iPhone. I like to go to the coast Rockport Texas, in particular as we bought a lot there and moved our Airstream to permanent setup but we haven't got much chance to enjoy it lately since November. Well, that about covers it for these naturalized Texans. I always loved the Gulf of Mexico and we now have a get away place, to enjoy the salt air and go fishing on the pier, not to mention the oyster fests or wonderful seafood restaurants. ENJOY YOUR 60TH REUNION!!!

"White Night" in Sacile, Italy

White night as it is known among the Europeans is a night when all friends gather to enjoy a night of festivity. All persons are requested, as evidenced by the group picture to dress in a "White Only Outfit". Most of the attendees bring food like white pasta, and most of the food including white lasagne, white Russian salad, etc. are included during the fest. The table ^{the picture of} cloths, chairs and other articles are also white. A Carmen and I was at one of the tables, including about ~~7~~ twenty close friends.

This has been an enjoyable year with trips to Naples (550 miles South) to visit with the daughters, to Spain in Sept and Spain again for six weeks in Jan-Feb, 2014 during the cold weather here in the Venice area. The temps in Southern Spain, Malaga were between the high 60's and mid 70's and in the 50's at night. We were fortunate to have several days in the low 80's. This year in Spain we visited the museum of Picasso, and the Classic car museum, in Malaga. The car museum had a Caddy convertible cooling 7K# in 1941. Beautiful car.

We attend a retirees group, mostly Americans and venture to different restaurants several times a month. We enjoy the area where we live, and if you are in the Venice area, please call us at (39 Italy) 0434 781359, or call at 39 349 516 5102.

Best to all for the coming events, Carmen & George

Bud and Pat Davis

Fri., the 25th

Mary Anne -

Adelaide called and invited me to stay with her, so I'll be coming to Tampa on Sat. P.M. and be at the dinner on that night.

I really wanted to come but didn't want to go by myself. See you then

Love,
Pat

5682 Baywater Drive
Tampa, Florida 33615

Dear Mary Anne,

I'm looking forward to seeing you at our 60th Reunion. If it's half the success that the 50th was, we should all be very happy!

I'm enclosing my check for \$270 with food preference and a copy of my picture with my granddaughter and great granddaughter. There is no need to return it, I have the glossy.

Also, I rummaged around a bit and found three PEP O' PLANT papers that I had saved and a WILSON BROADCASTER. Please feel free to do anything you want with them.

Thank you so much for all that you do for our Class Reunions. I really appreciate the time and effort you put in.

Warm regards,

Barbara

Great Granddaughter
Emma Roy

Since our 50th Reunion, I've been very lucky to travel a lot with my Significant Other, Richard Sussman. We spend our summers at his home in Lenox, Massachusetts. However, by far the biggest thrill for me was the birth of my GREAT GRANDDAUGHTER, Emma, last June 2013.

Nancy and Charlie Ross

PHS CLASS OF '54 – 60th REUNION

Since our 50th reunion, keeping up with our classmates has been a little easier.

We have a breakfast each month at the Village Inn on South Dale Mabry. PHS grads from 1954, 1955, & 1956 attend. We have fun, laugh most of the time, although we have lost several of our buddies over the years.

I have several email buddies that I keep in touch with. Technology is a wonderful thing most of the time.

I also enjoy the PHS website.

The Ross family is doing great (picture enclosed). We have a new member of the clan. Our youngest daughter, Suzy, & her husband, Bill, adopted a precious little girl from St. Petersburg, Russia in 2011. Her name is Juliana, and she will be 4 years old in August. What a joy!!! Our two other grandchildren, Emily & Chaise, are attending FSU. This is quite a gap between grandchildren. Kent & I had to refresh our grandparenting skills.

I look forward to seeing my classmates & catching up on their endeavors.

See you soon.

Charlie Ross

Suzanne Slappey Carlton

I called the Moore's today, got Jim and was bereft to hear sad news about Patti. She had been on my mind lately but I was still surprised.

Peace,
Suzanne

Suzanne Slappey Carlton

3/31/14

Hi Mary Ann,
Loved seeing news about the reunion. Sorry we will miss it again this time. Cecil + I are continuing our visits in the summer in Maine. We drive there and it takes 3-4 days.
Best wishes to every-
one -

Thomas and Valinda Enos

Thomas M. Enos, III and his wife Valinda will be married 50 years in July. They reside at their home of 44 years in Orlando, Florida, where Tom still does some of his Craft work and Valinda makes Scrapbooks.

They have lots of nieces & nephews, grand nieces and nephews and great-grand nieces and nephews. Their life is full!

Judy Perlman Tobin and Paul Tobin

Tom Turpin

Tom Turpin 2014 Class Reunion Ivotes

Married Carolyn Davis in '60, after we both graduated from FSU, where I was an SAE. She and I had three sons.

Commissioned in the Navy in '59, served in six ships, skippered three, deployed to Viet Nam three times, spent too much time in DC and retired in '86 as a captain (O-6).

We moved to a continuing care condo in Sun City Center in 2006 after Carolyn was diagnosed with an Alzheimers – like terminal illness, from which she died in 2010.

Married Sheila Greason, a retired RN and military widow last November. We cruise a lot and are very active in retired military officer organizations and our church, and we're lovin' life.

Billy Clarke

This booklet certifies that

William David Clarke III

Lt. Colonel, United States Air Force

Has been honored to serve in

*My dear Anne,
This is a 66- page
booklet I wrote about
my being in SAC.
Attached here are
a few sample pages.
I will have a copy
at the reunion.
Also, I
can email
it to the
committee
Billy*

Bill Hall

Barbara McCartney Pennington

This is me, Barbara McCartney Pennington 60 years later, and this is what I do now---work out at the Y several days a week, volunteer as a Chiseler, the group that supports the restoration of Plant Hall at The University of Tampa, and attempt to learn to play the Mountain Dulcimer. George and I are approaching our 55th anniversary and enjoy our two children and their spouses and our four grands, all who live in Tampa. Was sorry to miss the reunion but it conflicted with grand #3's high school graduation. Heard it was great--thank you to the reunion committee and cheers to all of us PHS 54ers!

Clarinel Wolfgang Stamos

These are the paintings I was commissioned to do for the Villa Park Women's League Home Tour this year. They became gifts to the homeowners for sharing their houses for the day.

Clarinel Wolfgang Stamos

These two are recent paintings of my youngest grandgirls.

Clarinel Wolfgang Stamos

Here is a picture of our grandchildren. Since this was painted a few years ago we have added a granddaughter-in-law and a great grandson. I'll have to keep painting. Try and stop me!
